## AFTER SCHOOL TUTORING CONTINUES THROUGH MARCH 2015

Tutoring has a history as a tool to improve students' academic achievement. Benefits of after-school tutoring include:

- Students can better retain and even enhance what they are learning in the classroom each day when the after-school program provides organized enrichment activities that link to the school-day curriculum
- Students can work together and learn in smaller group sizes.
- Students are offered a safe, developmental, learning environment.
- Students are less likely to engage in risky behaviors during the crucial nonschool hours.

*Never give up, for that is just the place  
and time that the tide will turn.*

**Harriet Beecher Stowe**

-Students have an opportunity to complete homework in a supportive and structured setting.

-Parental involvement is encouraged and enhanced.

All grades are encouraged to participate and is open to all students of Rio Gallinas. Afterschool tutoring is available on Tuesday, Wednesday and Thursday from 3:30pm to 4:30pm. Visit Mike in the office for full details if you are interested in attending. A delicious snack is provided to students prior to beginning tutoring. Parents are responsible for making arrangements for their child to be picked up. In order to maintain a safe environment tutoring staff request that parents come in the building to sign out their child when picking up.
