AFTERSCHOOL TUTORING IS NOW BEING OFFERED STARTING OCTOBER 14TH

Good news to all students....

Beginning on Tuesday October 14th, 2014 the school will be offering after school tutoring for all grades.

Tutoring can help students improve planning, organizing and the way they approach learning, projects and assignments. It also allows students to receive additional help and reinforcement for learning skills and provides additional opportunities to practice the application of information one received during their school day.

Tutoring will be after school on Tuesday's, Wednesday's and Thursday's

until 4:30pm. This will help us students with our homework and other assignments we may need to catch up on.

The afterschool tutoring will be available to us until the end of March 2015 and will take place at the Montezuma Campus!

The office handed us letters to give to our parents. On the letter there was a section for our parents to fill out.

If you will be attending this program please get the forms turned into the office by October 8th.

Please remind your parents that you will need to be picked up no later than 4:30pm if you will be participating. The school will be providing us a delicious and healthy snack..

MIDDLE SCHOOL UPDATE

Middle school students will remain at Dee Bibbs building for a little bit longer. The target date to move from Dee Bibbs to Luna is scheduled for October 17th. Meaning if all items that need to be taken care of class will start on the 20th in the Vocational Agriculture Building..

Mr. Garcia is working closely with Luna personnel to get the final

projects completed in the building. If need be we could potentially stay at the Dee Bibbs building till the end of October. As updates become available they will be communicated as quickly as possible.

We can learn something new anytime we believe we can.
